

I Customer information

Dear customers and partners,

the last weeks brought various positive changes for us. We are now part of the Funkwerk Group. The medium-sized technology company based in Kölleda in Thuringia acquired the activities of XQAND via Asset Deal.

Funkwerk IoT is the name of the new business unit. We will continue to develop intelligent cloud-based software applications, which form the basis for more innovative service and automatism. In addition we will offer our proven hardware portfolio. The name XQAND will meanwhile be used as a brand.

Funkwerk IoT does not retain the legal personality of the former XQAND AG. All warranty claims expire. Nevertheless we will take care of your support requests in a constructive and sustainable manner as far as it is possible.

For you, dear customers and partners, our contact details are changed primarily. Our new office is located in Bremen-Überseestadt and can be reached at the following address:

Funkwerk IoT GmbH
Konsul-Smidt-Straße 8L
28217 Bremen, Germany

T. +49 421 176679-00
F. +49 421 176679-10
M. sales@funkwerk-iot.com

Your contact person will not change. Our familiar team will take care of you and your issues in the future.

We are looking forward to a trusting cooperation with you!

Best regards,
Your team of Funkwerk-IoT GmbH

| About Funkwerk:

Funkwerk AG, Kölleda / Thuringia, is a medium-sized technology company specializing in solution-oriented information, communication and safety systems for rail transport, infrastructure, authorities and companies. Funkwerk products are based on state-of-the-art radio and communication technology as well as data processing and contribute to cost reduction for customers.
